

People should have their pets spayed and neutered to help control animal overpopulation and the rising number of homeless pets.

Introduction – Claim and grabber (set tone)

- 1) Animals reproduce at rapid rates when left unaltered**
 - a. Research and facts (logos)**
- 2) Animal overpopulation leads to homeless animals**
 - a. Shelters (personal examples – pathos)**
- 3) Health problems**
 - a. Vets see disease in animals that are not bred properly (ethos – find experts' opinions)**

Conclusion – Suggestions for how we can change this. Pets deserve happiness and a good life (use pathos for emotion)

If using research, list websites at the end of written draft
