1. Choose where you want to go
2. Research what you'll do and see there – you need to visit at LEAST 10 historical sites! These could be museums, castles, neighborhoods, famous buildings, etc.
3. Consider when you will travel (dates during the year – think about weather!)
4. Plan transportation – from Denver and returning to Denver and all destinations (for example, you may need to fly through London to get to Dublin, Ireland. Or, you could take a boat from Italy to get to Greece).
5. Create a calendar/plan with what you will do each day on your trip AND the cost of each day
